## Professional Summary

I'm a Full Stack .NET Developer with 1 year and 3 months of experience in building scalable, secure, and user-friendly web applications. I enjoy solving real-world problems through clean and optimized code. Learning new technologies excites me, and I love applying them to create impactful solutions while collaborating with teams to deliver the best results.

## Technical Skills

**Languages :** C#, JavaScript, HTML, CSS

**Frameworks :** ASP.NET Core, ASP.NET MVC, Entity Framework, Ado.Net, Angular

**Databases :** SQL Server, MySQL

**DevOps/Tools :** Visual Studio, Visual Studio Code, Git, Github, Postman

## Professional Experience

### Full Stack Developer

#### The One Web Technology - Vadodara

Jun 2024 - Aug 2025

- Developed and maintained scalable web applications to efficiently meet dynamic business requirements.
- Implemented new features, optimized modules, and resolved critical issues to enhance system performance and reliability.
- Applied clean coding standards and strong problem-solving skills to deliver maintainable, high-quality solutions.
- Successfully completed 2 individual and 3 group projects during this role.

## Projects

### E-Commerce Website

ASP.NET Core, C#, SQL Server, HTML, CSS, Bootstrap, JavaScript

- Built a dynamic e-commerce platform with product browsing, search & filter, and cart functionality.
- Developed responsive UI for seamless experience on desktop and mobile.
- Focused on clean code, maintainability, and optimized navigation.
- Expanding features to include secure authentication, order management, and checkout process.

### Business Listing Website

ASP.NET Core, SQL Server, Bootstrap, JavaScript

- Created a platform for users to search and explore local businesses.
- Implemented listing management, category filters, and responsive design.
- Built core functionality with focus on usability and easy navigation.

### Portfolio Website

HTML, CSS, JavaScript, Bootstrap, EmailJS

- Developed a personal portfolio showcasing skills, projects, and achievements.
- Implemented a contact form using EmailJS for real-time messages.
- Designed a modern, SEO-friendly, and visually appealing UI.
- Ensured responsive design for smooth experience on desktop and mobile devices.
